# DS-3E1326P-EI Smart Managed 24-Port 100 Mbps PoE Switch

Smart managed switches are developed by Hikvision, featuring in easy management and maintenance. You can easily deploy, monitor and expand your surveillance system anytime and anywhere with our software platforms. You can view the network topology, monitor the health of the network and receive device alarms in real time, which greatly reduces the cost of network operation and maintenance.

Visualized Topology Management

Network Health Monitor

Real-Time Alarm Push

Video Control and Preview

### **Key Feature**

- 24 × 100 Mbps PoE RJ45 ports, 2 × gigabit combos.
- IEEE 802.3at/af standard for PoE ports.
- Network topology management, alarm push, network health monitor.
- 6 KV surge protection for PoE ports.
- AF/AT camera can reach up to 300 m in extend mode.

# Specification

| Model                 |                                      | DS-3E1326P-EI  |
|-----------------------|--------------------------------------|--|
| Network<br>parameters | Port number                          | 24 × 100 Mbps PoE RJ45 ports, and 2 × gigabit combos.  |
|                       | Port type                            | RJ45 port, full duplex, MDI/MDI-X adaptive   |
|                       | Standard                             | IEEE 802.3, IEEE 802.3u, IEEE 802.3x, IEEE 802.3ab and IEEE 802.3z   |
|                       | Forwarding mode                      | Store-and-forward switching  |
|                       | Working mode                         | Standard mode (default), Extend mode   |
|                       | High priority ports                  | Ports 1 to 8   |
|                       | Ports for long-distance transmission | Ports 1 to 24  |
|                       | MAC address table                    | 16 K   |
|                       | Switching capacity                   | 8.8 Gbps   |
|                       | Packet forwarding rate               | 6.5472 Mpps  |
|                       | Internal cache                       | 4 Mbits  |
| PoE power<br>supply   | PoE standard                         | Ports 1 to 24: IEEE 802.3af, IEEE 802.3at  |
|                       | PoE power pin                        | Ethernet cables 1/2/3/6 and 4/5/7/8 provide power supply simultaneously.   |
|                       | PoE port                             | Ports 1 to 24  |
|                       | Max. port power                      | 30 W   |
|                       | PoE power budget                     | 370 W  |
| Software<br>function  | Device maintenance                   | Support remote upgrade, recovering default parameters, viewing logs, configuring basic network parameters.   |
|                       | Typology display                     | Support typology display.  |
|                       | Port configuration                   | Support rate, flow control, and switch configuration   |
|                       | PoE function                         | IEEE 802.3at/af device provides power supply.  |
|                       | VIP ports function                   | Support data of ports in red area forwarded in priority.   |
|                       | Link aggregation                     | Support G1, G2 port static link aggregation  |
|                       | Device status alarm                  | Support the device status, PoE_MAX and PoE status alarm.   |
|                       | Network management                   | Support client management.   |
|                       | Port statistics                      | Support port transmitting/receiving real-time rate statistics, 7-day transmitting/receiving peak rate statistics.  |
| General               | Shell                                | Metal material, fan-free design  |
|                       | Net Weight                           | 2.83 kg (6.24 lb)  |
|                       | Dimension (L × H × D)                | 440 mm × 44 mm × 221 mm (4.76" × 3.47" × 1.09")  |
|                       | Operating temperature                | -10°C to 55°C (14°F to 131°F)  |
|                       | Storage temperature                  | -40°C to 85°C (-40°F to 185°F)   |
|                       | Operating humidity                   | 5% to 95% (no condensation)  |
|                       | Storage humidity                     | 5% to 95% (no condensation)  |
|                       | Power supply                         | 100~240 VAC, 50/60Hz, Max. 6.5 A   |
|                       | Max. power consumption               | 400 W  |
|                       | Power source                         | 400 W  |
| Approval              | EMC                                  | FCC (47 CFR Part 15, Subpart B); CE-EMC (EN 55032: 2015, EN 61000-<br>3-2: 2014, EN 61000-3-3: 2013, EN 55024: 2010 +A1: 2015); RCM<br>(AS/NZS CISPR 32: 2015); IC (ICES-003: Issue 6, 2016) |
|                       | Safety                               | UL (UL 60950-1); CB (IEC 60950-1:2005 + Am 1:2009 + Am 2:2013); CE-<br>LVD (EN 60950-1:2005 + Am 1:2009 + Am 2:2013)   |
|                       | Chemistry                            | CE-RoHS (2011/65/EU); WEEE (2012/19/EU); Reach (Regulation (EC) No 1907/2006)  |
